THE SOLUTION

2014

CONFERENCE

Austin, Texas
June 20 - 21

The Heritage Foundation
“Every generation has a defining issue and no issue more defines a generation than how it educates its children. Education influences the future, a society, its culture. History repeatedly teaches us the same lesson: Freedom and liberty breed a very different future than do dictators and despots.” Merrill Hope, Breitbart News

Dear Patriot:

This is the defining issue of our time and time is running out in the fight to protect our children from the Common Core Standards (Fed Led Ed) that are gripping our nation.

Even though Texas rejected the Common Core, 21st Century learning activists continue to undermine Texas’ educational standards and Texas’ values through state mandates and legislation.

On June 19 - 22, 2014, the national PTA (Parent Teacher Association) will hold its annual convention in Austin, Texas. The keynote speaker is Arne Duncan, U. S. Sect. of Education, who in conjunction with the national PTA are cheerleaders for the Common Core.

In response to that event, we have a tremendous opportunity to host a counter-event that will feature the most prominent voices who have come together to “STOP” the federal takeover of K-12 public education.

We will also unveil the national grassroots counter-offensive to Fed Led Ed’s brand of 21st Century learning. #CanISee™© the Solution #AgainstCoreTakeover (ACT)

We need your support.

**Give the gift of American Exceptionalism to the next generation. The answer is YOU!**
